

Adverum Biotechnologies Announces Pricing of Public Offering of Common Stock

February 12, 2020

REDWOOD CITY, Calif., Feb. 11, 2020 (GLOBE NEWSWIRE) -- Adverum Biotechnologies, Inc. (Nasdaq:ADVM), a clinical-stage gene therapy company targeting unmet medical needs in ocular and rare diseases, today announced the pricing of its underwritten public offering of 9,500,000 shares of its common stock at a public offering price of \$13.75 per share. The company has granted the underwriters a 30-day option to purchase up to an additional 1,425,000 shares of its common stock offered in the public offering at the public offering price, less discounts and commissions. All of the shares in the offering are being sold by Adverum Biotechnologies. Before deducting the underwriting discounts and commissions and estimated offering expenses, Adverum expects to receive total gross proceeds of approximately \$130.6 million, assuming no exercise of the underwriters' option to purchase additional shares. The offering is expected to close on or about February 14, 2020, subject to satisfaction of customary closing conditions.

Goldman Sachs & Co. LLC, Cowen and Company, LLC, and SVB Leerink LLC, are acting as joint book-running managers for the offering. LifeSci Capital LLC is acting as lead manager for the proposed offering.

The shares described above are being offered by Adverum Biotechnologies pursuant to a shelf registration statement on Form S-3 that was previously filed by Adverum Biotechnologies with the Securities and Exchange Commission (the "SEC") on August 8, 2019, and became automatically effective on that date. The final prospectus supplement and accompanying prospectus relating to and describing the terms of the offering will be filed with the SEC and will be available on the SEC's website located at <http://www.sec.gov>.
