

Adverum to Present at the Cowen 39th Annual Health Care Conference

February 28, 2019

MENLO PARK, Calif., Feb. 28, 2019 (GLOBE NEWSWIRE) -- Adverum Biotechnologies, Inc. (Nasdaq: ADVM), a clinical-stage gene therapy company targeting unmet medical needs in ocular and rare diseases, today announced the company will be participating in the upcoming Cowen 39th Annual Health Care Conference in Boston, MA.

Adverum's management is scheduled to present on Tuesday, March 12, 2019 at 12:00pm Eastern Time. Interested parties may access a live and archived webcast of the presentation on the "Investors" section of the company's website at: www.adverum.com. The webcast will be available on the company's website for at least two weeks following the event.

About Adverum Biotechnologies, Inc.

Adverum is a clinical-stage gene therapy company targeting unmet medical needs in ocular and rare diseases. Adverum develops gene therapy product candidates designed to provide durable efficacy by inducing sustained expression of a therapeutic protein. Adverum has collaboration agreements with Regeneron Pharmaceuticals to research, develop, and commercialize gene therapy products for ophthalmic diseases and Editas Medicine to explore the delivery of genome editing medicines for the treatment of inherited retinal diseases. Adverum's core capabilities include clinical development, novel vector discovery and in-house manufacturing expertise, specifically in scalable process development, assay development, and current Good Manufacturing Practices quality control.
